Student Activities and Experiences

Academic Contingency Plan: In the event of an extended campus closure, the continuity plan for this course includes the following: We will utilize our Blackboard course as the portal for the delivery of course materials and UARK email for communications. Please check both areas immediately for guidance and directions from your instructor. In this class our official mode of communication is through uark.edu email. Students are responsible for checking their UARK accounts regularly. All communication between teacher candidates and instructor and between student and student should be respectful and professional. Dr. Deaton's email is sddeato@uark.edu.

Academic Integrity: The application of the University of Arkansas Academic Integrity Policy will be fully adhered to in this course. Grades and degrees earned by dishonest means devalue those earned by all students; therefore, it is important that students are aware of the University of Arkansas Academic Integrity Policy. Academic dishonesty involves acts, which may subvert or compromise the integrity of the educational process. "As a core part of its mission, the University of Arkansas provides students with the opportunity to further their educational goals through programs of student and research in an environment that promotes freedom of inquiry and academic responsibility. Accomplishing this mission is only possible when intellectual honesty and individual integrity prevail. Each University of Arkansas student is required to be familiar with and abide by the university's Academic Integrity Policy' which may be found on the UA website. Candidates with questions about how these policies apply to a particular course or assignment should immediately contact their instructor." The description of the Academic Integrity Policy is located at: <http://provost.uark.edu/245.php>. The Academic Integrity Sanction Rubric is located at: <http://provost.uark.edu/246.php> All students are to complete their own work during the semester. Although candidates are allowed to share ideas and learn from one another

throughout the semester, they are not allowed to copy another person's work. All assignments must be original and completed individually. All citations must be documented using the most recent edition of the APA manual (<http://www.apastyle.org/>, <http://psychology.vanguard.edu/faculty/douglas-degelman/apa-style/>)

There are many websites claiming to offer study aids to students, but in using such websites, students could find themselves in violation of our University's Academic Integrity and Code of Student Life policies. These websites include (but are not limited to) Quizlet, Bartleby, Course Hero, Chegg, and Clutch Prep. The U of A does not endorse the use of these products in an unethical manner. These websites may encourage students to upload course materials, such as test questions, individual assignments, and examples of graded material. Such materials are the intellectual property of instructors, the university, or publishers and may not be distributed without prior authorization. Furthermore, paying for academic work to be completed on your behalf and submitting it for academic credit is considered 'contract cheating' per the Academic Integrity Policy. Students found responsible for this type of violation face a grading penalty of 'XF' and a minimum one-semester academic suspension per the University of Arkansas Sanction Rubric. Please let me know if you are uncertain about the use of a website.

If the instructor records classes, recordings will be available to students through Blackboard. These recordings may be used by students ONLY for the purposes of the class. Students may not download, store, copy, alter, post, share, or distribute in any manner all or any portion of the class recording, e.g. a 5-second clip of a class recording sent as a private message to one person is a violation of this provision. This provision may protect the following interests (as well as other interests not listed): faculty and university copyright; FERPA rights; and other privacy interests protected under state and/or federal law. Failure to comply with this provision will result in a referral to the Office of Student Standards and Conduct for potential charges under the Code of Student Life. In situations where the recordings are used to gain an academic advantage, it may also be considered a violation of the University of Arkansas' academic integrity policy.

Recording, or transmission of a recording, of all or any portion of a class is prohibited unless the recording is necessary for educational accommodation as expressly authorized and documented through the Center for Educational Access with proper advance notice to the instructor. Unauthorized recordings may violate federal law, state law, and university policies. Student-made recordings are subject to the same restrictions as instructor-made recordings. Failure to comply with this provision will result in a referral to the Office of Student Standards and Conduct for potential charges under the Code of Student Life. In situations where the recordings are used to gain an academic advantage, it may also be considered a violation of the University of Arkansas' academic integrity policy.

Accommodations: Teacher candidates with disabilities requesting reasonable accommodations must first register with the Center for Educational Access (CEA). The CEA is located in the Arkansas Union, Room 104 and on the web at: <http://cea.uark.edu/>. The CEA provides documentation to students with disabilities who must then provide this documentation to their course instructors. Candidates with disabilities should notify their course instructors of their need for reasonable accommodations in a timely manner to ensure sufficient time to arrange reasonable accommodation implementation and effectiveness. A typical time frame for arranging

reasonable accommodations for students who are registered with the CEA is approximately one to two weeks.

Classroom Behavior and Participation: Attendance is expected for all classes. If you are going to be absent, it is your responsibility to communicate with the instructor. Missing class will impact your grade. Improper classroom behavior is not tolerated and may result in a referral to the Office of Student Conduct. Inappropriate remarks or comments disrespectful to other teacher candidates or instructor, and other behavior as determined by the instructor will not be tolerated and will result in possible removal from the class and/or disciplinary action as per the student handbook.

Inclement Weather: For information regarding whether the university is closed, or an inclement weather day is declared, use the following sources:

- See the inclement weather web site at: <http://emergency.uark.edu/17098.php>
- Call 479-575-7000 or 575-2000 for recorded announcements about closings.
- Listen to KUAF Radio, 91.3 FM, or other local radio and television stations

Professional Dispositions: This course is reserved for teacher candidates preparing to become professional teachers. Teacher candidates are required to maintain professional decorum during class. Professionalism is multi-faceted, and many aspects of the term will be discussed in class. Subsequently, the ethics and responsibilities of professional teachers will be expected of all participants. Teacher candidates are expected to attend all classes and participate in all activities. Teacher candidates are expected to show up to class on time, prepared to work. Teacher candidates' overall grade will be affected after two absences. All work will be turned in on time. Late work will not be accepted for full credit or accepted at all per instructor's evaluation. Each person will be treated with respect. Inappropriate remarks or comments disrespectful to other students or instructor, and other behavior as determined by the instructor will not be tolerated and will result in possible removal from the class and/or disciplinary action. Cell phones will be used for professional purposes as deemed appropriate by the instructor. Peer and instructor evaluation of each member of the course will occur throughout the semester. This "constructive criticism" is meant to help each other improve and gain teaching skills necessary to be an effective teacher.

Syllabus Change

The instructor reserves the right to make changes as necessary to this syllabus. If changes are made, advance notification will be given to the class.

Technology

All teacher candidates will model and apply technology standards as they design, implement, and assess learning experiences to engage students and improve learning; and enrich their own professional practice. Access to a reliable Internet connection is required for this course. A problem with your Internet access may not be used as an excuse for late, missing, or incomplete coursework. If you experience problems with your Internet connection while working on this

course, it is your responsibility to find an alternative Internet access point, such as a public library or Wi-Fi hotspot.
